5 RHYTHMIC

Wellsky dynamically adjusts lighting to suit your visual, physiological, and emotional needs, based on the occasion and time, creating a healthy and comfortable lighting environment for you.

5 Rhythmic Modes

Sunlight	Rest	Absorption	High Light	Children
It simulates sunlight all day long, conforms to human body rules, and is suitable for public areas such as living rooms.	The exclusive comfort curve of the whole rest area is suitable for the bedroom.	It is suitable for home office, improving work efficiency, and is suitable for use in the study.	High color temperature and brightness, more clear and bright, suitable for the elderly room.	Early to bed and early to rise, suitable for children's work and rest time, suitable for children's room use.

App Control

ᐧ Easy Connection

1

Download "OPPLE Home" in Google Play or App Store; then log in with email address.

2

Click "Add Device" in Homepage and then click "Add" when the light is found automatically.
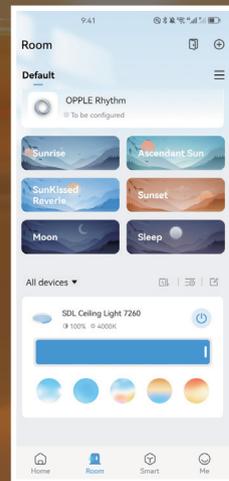

3

Choose or input your 2.4Ghz WiFi name and input passwords, then wait system connecting.

4

After adding it successfully, go to Room page and scroll down to find the light, then click into it to control.
